NEBOSH Diploma Digital Assessments: Technical Learner Guide

Introduction

We have created two guidance documents to help learners prepare for the Diploma digital assessment:

- NEBOSH Diploma Digital Assessments: Learner Guide (Q025)
- NEBOSH Diploma Digital Assessments: Technical Learner Guide (CX029)

This document – the Technical Learner Guide – focuses on accessing, completing and submitting your answers to the scenario-based case study using NEBOSH’s online assessment platform.

We recommend that you download and read all relevant documents as part of your assessment preparations.

Please note: The NEBOSH online assessment platform should only be used for submitting your answers to the scenario-based case study. If you are also registered to complete another type of assessment please contact your Learning Partner for further details.

Registering for your NEBOSH Diploma digital assessment

To sit a NEBOSH Diploma Digital Assessment, you must register with your Learning Partner for a specific sitting.

At the time of your registration you must confirm your personal email address. Please make sure you use a personal email address and not a work/company email, as company firewalls can block messages which will result in you not receiving important information. NEBOSH uses the email address registered to your learner record for all communications including to send you your NEBOSH online assessment platform login and registration details.

Reasonable adjustments and access arrangements
The NEBOSH Access Arrangements and Reasonable Adjustment Policy is available on our [website](#).

If you need to apply for a reasonable adjustment or access arrangement for your assessment, please request this through your Learning Partner.

Please note: If you have been granted a revised question paper, for example, a different coloured background, you will receive a modified PDF within the NEBOSH online assessment platform.

Email one: assessment registration confirmation

Prior to assessment day you will receive an email confirming your registration to the NEBOSH Diploma digital assessment.

Email two: login details (only for learners who have not sat a digital assessment with NEBOSH before)

After you have registered with your Learning Partner, you will receive a login email no later than eight days before the assessment date – this will provide you with the login details you need to access the online assessment platform. Please check your email inbox for this email. The email will contain your username (also your learner number) and a temporary password.

When you first log in you will be prompted to change the temporary password. Please keep your username and password details safe ready for your assessment day.

Please note: if you have previously taken a NEBOSH assessment using the [NEBOSH online assessment platform](#) then you will use your existing login details and will not receive this email. If you have forgotten your details, please see '[Resetting your password](#)' on the next page.

You will be able to access the NEBOSH online assessment platform, familiarise yourself with the layout and undertake the user tour.

If you have not received this initial login email seven days before your assessment date, please contact NEBOSH [here](#).

Please note: You will only be able to access your question paper during the time period specified for your assessment.

Tip

We recommend that you log in, change your password and familiarise yourself with the platform before the day of the assessment. This will give you more time to focus on your scenario-based case study.

How to log in

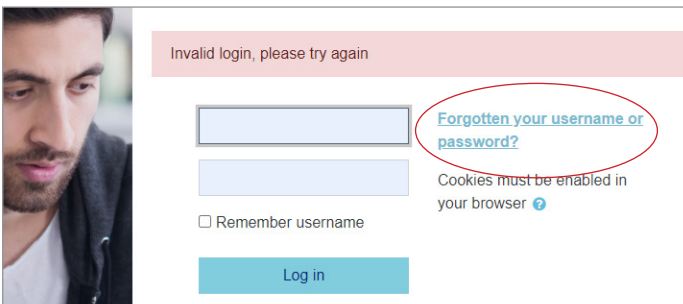

Use your username or registered email and the new password you created to log into the NEBOSH online assessment platform at <https://learning.nebosh.org.uk>.

The screenshot shows the password reset search form. It has two sections: 'Search by username' with a 'Username' field and a 'Search' button, and 'Search by email address' with an 'Email address' field and a 'Search' button.

This will then send a password reset link to your registered email address.

The screenshot shows the password reset confirmation page. It says: 'If you supplied a correct username or email address then an email should have been sent to you. It contains easy instructions to confirm and complete this password change. If you continue to have difficulty, please contact the site administrator.' There is a 'Continue' button.

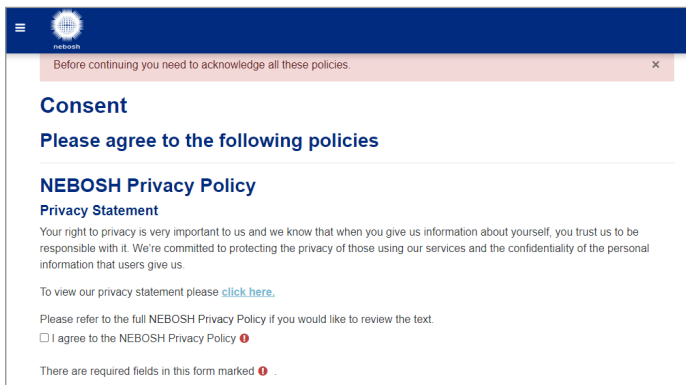

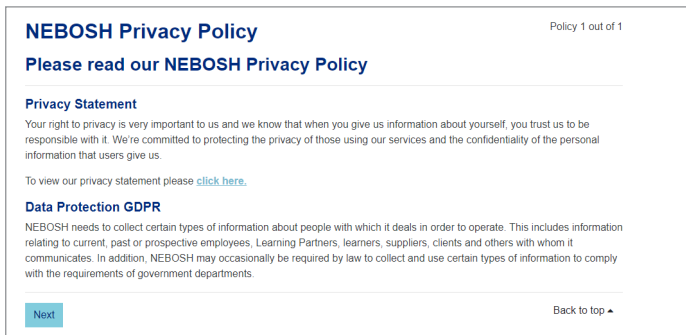

If you have not received your reset password email, please check your junk folder and allow at least ten minutes for the email to come through. If you still have not received it please **contact NEBOSH**.

If you have previously taken an assessment using the NEBOSH online assessment platform your login details will remain the same. If you have forgotten your password select 'Forgotten your username or password?'. Your username is your learner number.
